## PRODUCTS

We represent the beauty of Korea by supplying Korean beauty and cosmetic products to the world

# OUR FIRST CLASS WAREHOUSE FACILITIES

## High-Tech Cold Storage for all Types of Fruits and Products

Storage capacity of 5500 square meters, comprising multiple cold rooms and 3345 pallet positions. Our high-tech facilities are custom-built to provide optimal cold chain integrity via precise humidity and temperature control for all types of fruit and products.

## **Cold Chain Storage & Fruit Repacking Services**

temperature control cold chain facilities and customer-centric fruit repacking solutions, for clients from around the world.

### **Key Features of Our Fruit Storage Services**

Our versatile multi-unit cold room configuration supports cross-varietal fruit storage. As a result, there is no limitation to the types or varieties of fruit we can store at optimal temperature.

### **Repacking According to Client Specifications**

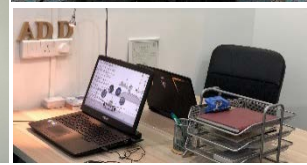

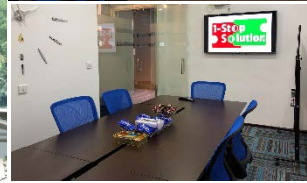

To maximise product shelf life, our repacking services take place in a fully equipped repacking facility located within the cold room. The product is offloaded onto pallets, graded, quality control inspected, portioned and packed according to client specifications.

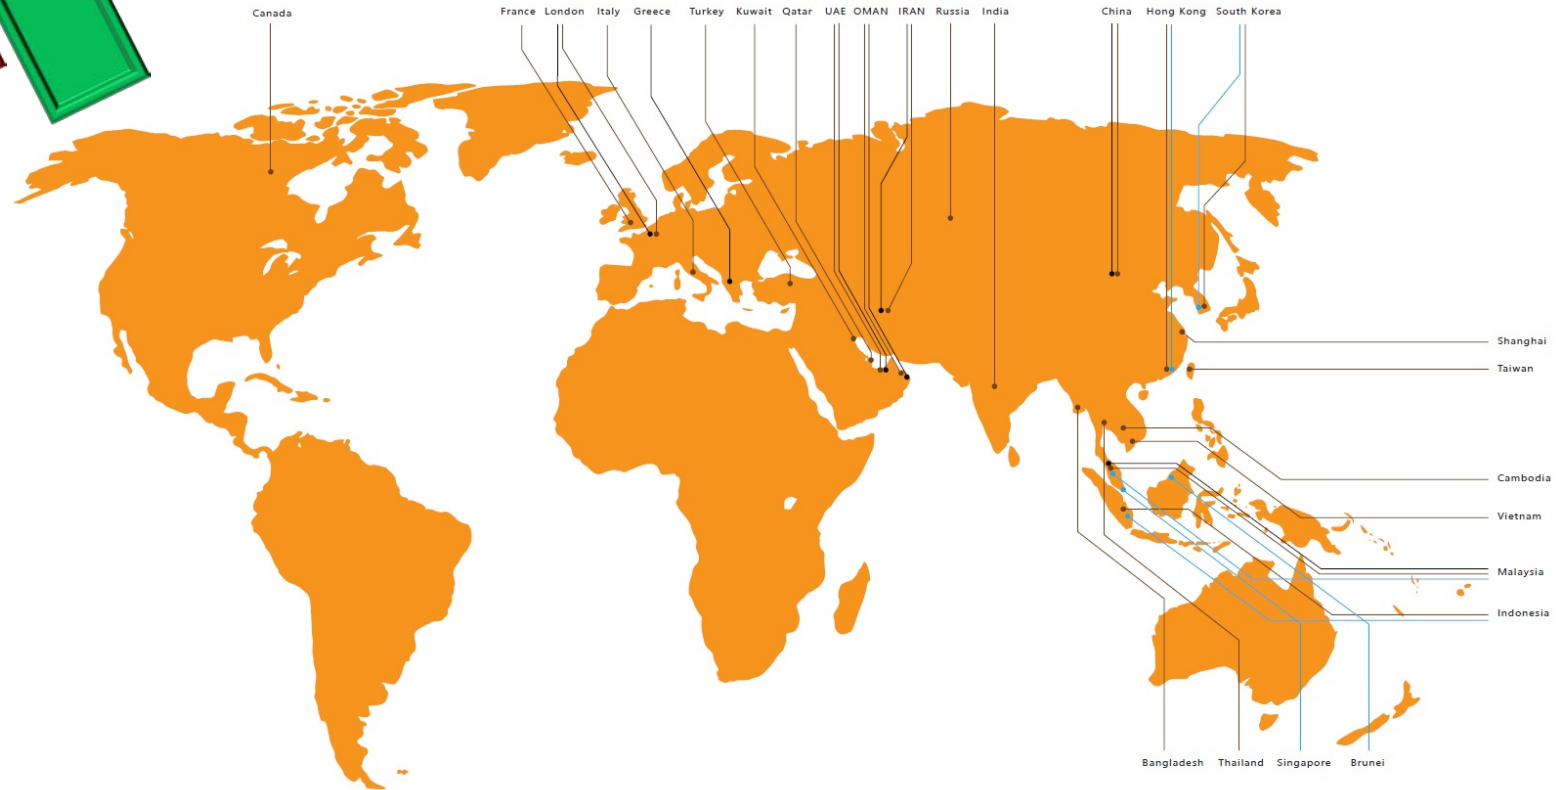

## OFFICE FACILITIES

At **MA ONESTOP SOLUTION** we believe the work environment has a significant effect on our team, The office is located at the heart of the leading business and financial districts of the City.

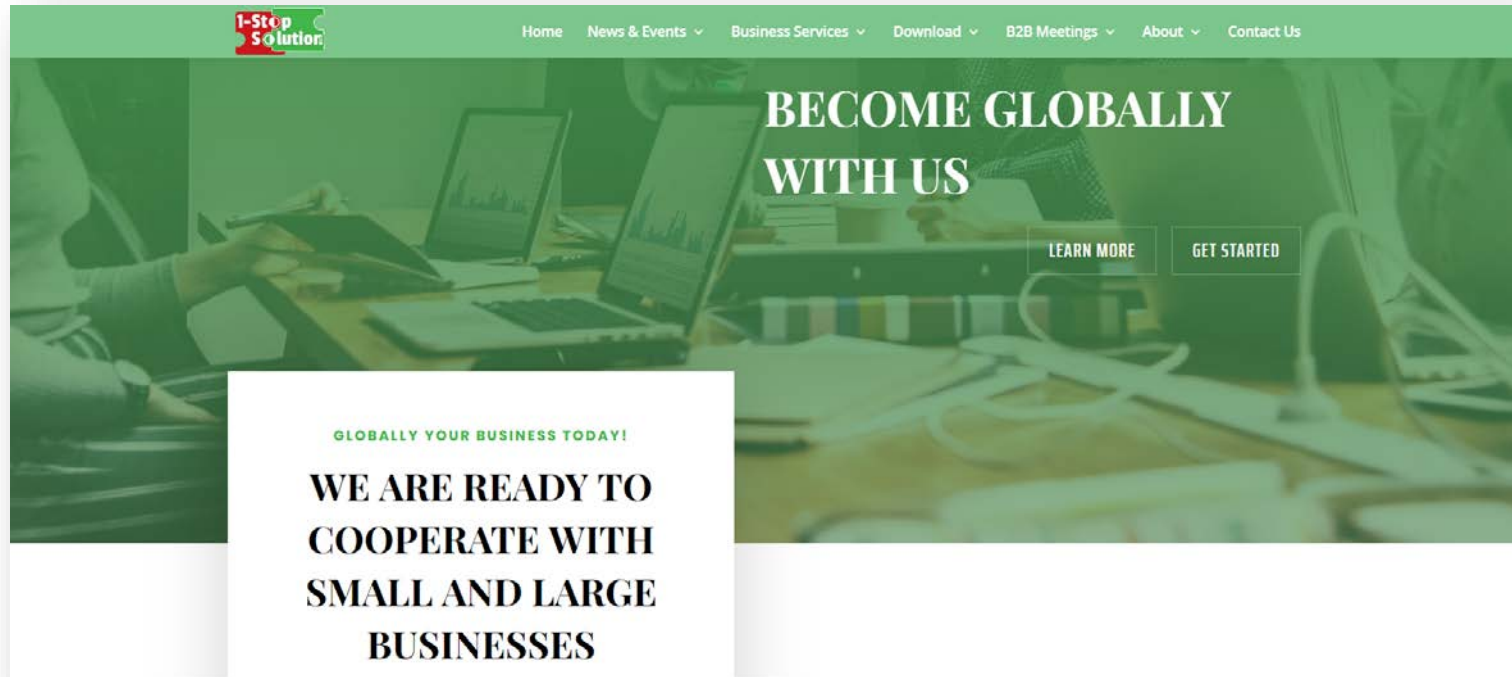

**MA ONESTOP SOLUTION**, connections are almost all over the world, has extensive channels of information acquisition and capacity of fast information feedback and processing.
